Presenting....

Dear Jekky,

I don't know how to say how much  
fun enjoyed knowing you all these years.  
Never forget all the good and crazy times  
THE 1959

weir had. Remember when  
it snowed and you and  
Don came up to my  
house and stayed 3 wks.

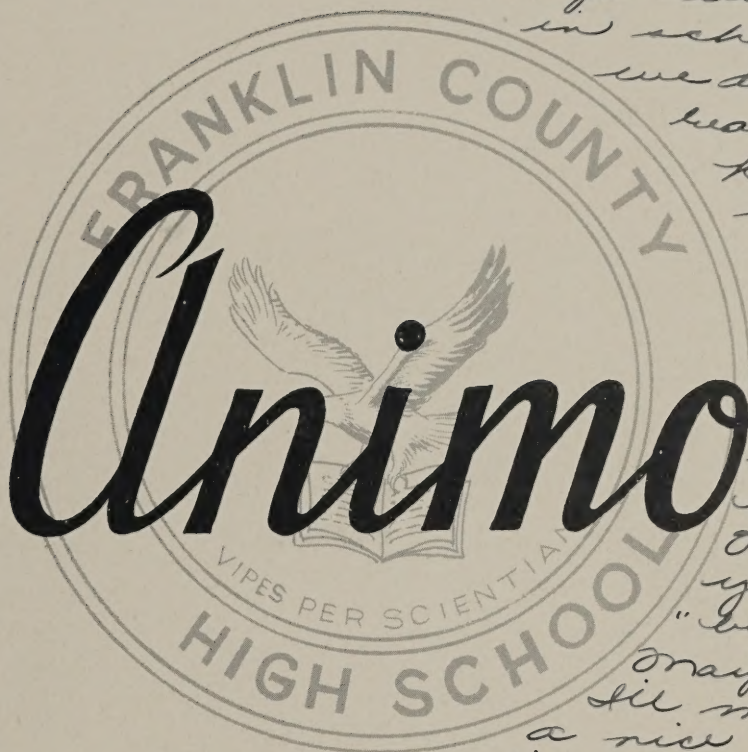

I nearly froze. Or sat  
about all the crazy  
things we've done  
in school. Aren't  
we dumb? I've

really enjoyed  
knowing  
you and I  
hope we  
can always  
be friends.

I'm off to one of  
the sweetest  
boys I know.  
Next year  
I'll be a  
"big senior."

Maybe someday  
I'll make it have  
a nice summer.  
I'll see you this  
summer. Maybe  
we can get together  
and have some  
fun. Be Good?

Love,  
Jekky

## Student Life

# FOREWORD

The 1959 edition of the Animo has been published with one purpose—to capture a year between its covers. Although life at Franklin County High School consists of many things too intangible to portray, as our home away from home, we have spent many hours in work

and play, both night and day, participating in many events that we should like to record.

In the years to come we may recall these carefree days—joyous and otherwise—when we had the time of our life.

*At F.C.H.S.* Dear Jerry,  
It's been fun having P.G. and English with you this year. I'll have to practice so I can hit you with some paper before school's out! Best of luck always to a cute and nice boy. See you around!  
Betsey

# *This Is*

Every day of the school year we find students coming from all points of Franklin County to centrally located Franklin County High School, Rocky Mount, Virginia. The majority of the 1300 students arrive by bus. Others travel by foot or in cars.

After a brief visit to lockers, these students congregate in the halls, on the steps, or in the auditorium. A few of the more industrious ones find this an excellent time for study.

These students arrive at school by bus each morning.

Each day begins with lively chatter and a rush to classes.

# *Franklin County High School*

After the ringing of the bell, students are allowed five minutes to complete conversation, obtain their books from their lockers, and report to first period classes. There could not be a more downcast expression than of a student who rushed madly to be on time but missed the buzzer by one minute.

Students stop by the office for tardy slips before reporting to classes.

The front lawn attracts a number of students during lunch hour.

# *Our Home Away From Home*

One of the new features of the guidance program at Franklin County High School is shown above as Jerry Guiliams plans his schedule of classes with Guidance Director Morris Law. As part of the guidance services, each student will be given an opportunity to discuss his plans and courses in an individual conference. These conferences are taking place in F. C. H. S.'s new Guidance Office located in the center of the main building.

Best 4 went to the  
a 1st round and  
and beautiful played.

Another day begins with an atmosphere of friendliness.

# *Where We Students*

Rachel Newbill and Jim Poindexter are symbolic of the typical Franklin County High School girl and boy.

The lunchroom crowd takes time out to watch the photographer.

Caught unaware, the spectators show varied expressions worn during a football game.

# *Spent The Time Of Our Lives*

Cynthia Law demonstrates a Latin American rhythm to classmates during a Spanish class period.

The co-captains of Franklin and Halifax County High Schools listen intently as the referee gives pre-game instructions.

Head majorette, Margie Wade, leads the other majorettes, Ann Anderson, Betsy Clements, Carrie Holland, and Hazel Holland in a warm-up routine before parade time.

Girls enjoy the days annual pictures are made.

Jump ball called during last minute of a game.

As a part of the over-all school program, students learn the value of accurate kept records when they check with the office personnel.

# *Working And Playing*

F. H. A. and F. F. A. members spent many hours constructing a homecoming float. These officers of the two organizations are proud of their club's work as they ride in the parade.

Members of the baseball team pledge their co-operation with Coach Richards before the season begins.

Jerry Dillon, Bob Whitlow, and DeMoss Price help their team win another victory as they are successful in getting the rebounds during the Drewry Mason game.

# *Each Day And Night*

The homecoming dance is one of the most enjoyable activities of the school year.

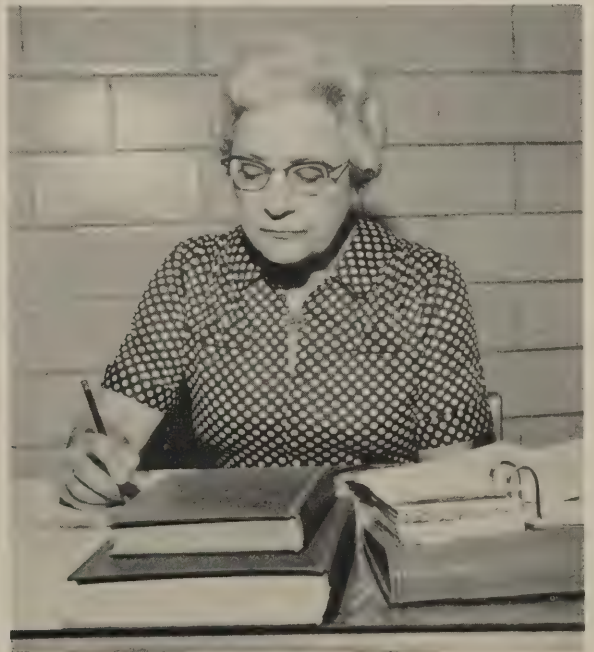

## DEDICATION

Once or twice in a lifetime each of us meets a person who profoundly influences our lives. This person's effect upon us as to a way of life; a thoroughness in work that is challenging; a sense of right that compels

honesty and truth; a love for students that causes us to pause and remember. These, and more, allow us to fondly dedicate the Animo 1959 to Miss Naomi Prillaman.

Our administrative leaders and instructors have guided us through a busy year at F. C. H. S. They have instructed, encouraged, counseled, and sponsored our many school activities.

The result of their valuable training and guidance will live on through years to come.

# ADMINISTRATION

## *We Salute*

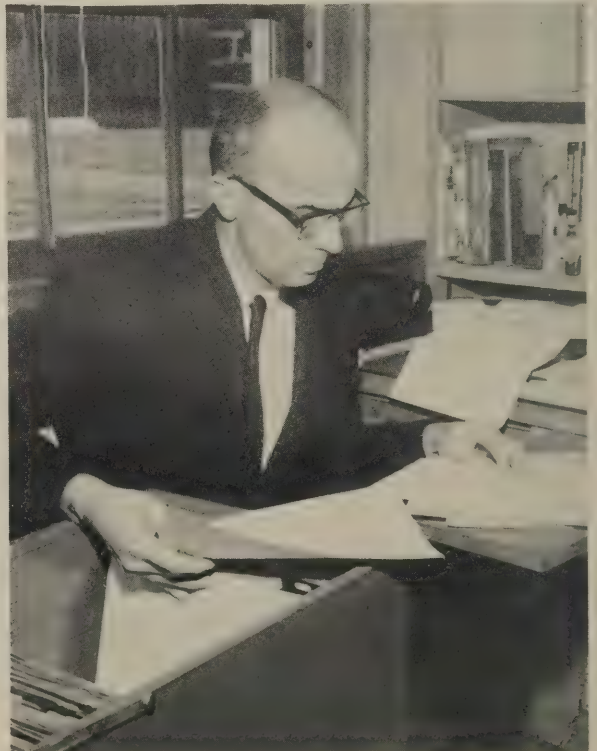

The operation of Franklin County High School is under the supervision of a specially selected staff.

Mr. Harold W. Ramsey, superintendent of Franklin County Schools, is recognized throughout the state for his outstanding leadership in educational fields.

Through expert supervision Principal E. A. Bonner keeps Franklin County High School running smoothly.

Mr. Bruce M. Kent, assistant principal, carries out many of the chores in the operation at our high school.

# *Those Who Guide Us.*

Mr. Cecil Doss, business manager, keeps the book store well supplied with all school supplies.

Mr. Morris Law, director of guidance, assists students with choices of curriculums and with college plans.

Mrs. Jeanette Adkins and Mrs. Margaret Motley, secretaries, serve the students and teachers of our school with efficiency. In addition to answering telephones, giving information, issuing tardy slips, preparing college transcripts for seniors, carrying messages, and attending to the sick, they assist with the financial records. What is more, they render all this service with a happy smile.

These three students symbolize life at Franklin County High School. They represent the classes, the class officers, and the class advisors. They recall to us the various programs and projects undertaken by the classes, and the skill with which these undertakings were achieved. In addition, they typify the hopes and ambitions of each individual student in our school.

# English and foreign languages

Butch*

Cynthia Law and Butch Jarrett do an interpretative dance of a Spanish rhythm to the music of the castanets played by Richard Newbill.

# create interest in other lands

The language arts—English as well as Latin and Spanish—are vital parts of our school life.

In English classes we seek to improve our powers of interpretation and expression.

Through the study of Latin we learn much concerning the habits and customs of the ancient Romans as well as their classical culture. We learn also that many of our English words are derived from Latin.

In Spanish classes we learn the value of being able to converse in modern languages.

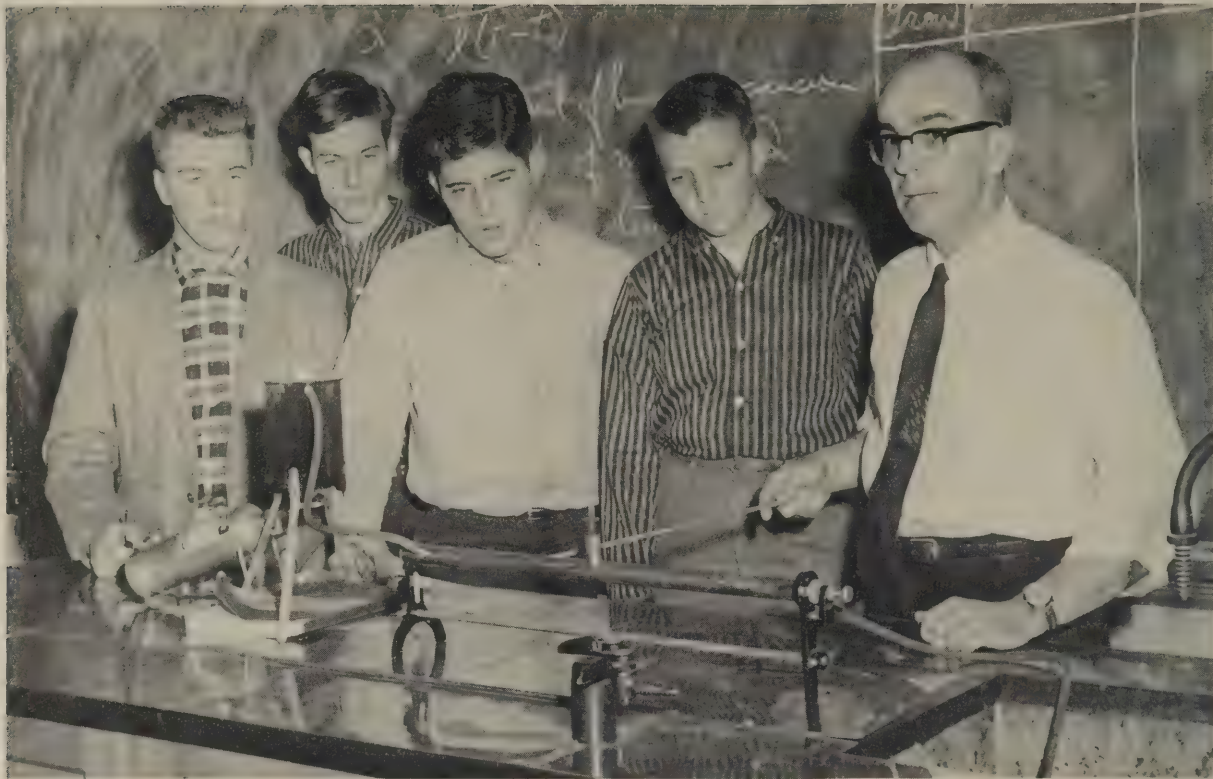

Sally Ferguson explains several Roman customs that these students will exhibit at the annual Latin Club banquet.

Audrey Dudley diagrams a sentence in English class for Ethel Mae Bowles, Elizabeth Stone and Andrew Dudley.

# We learn science by

Mr. Kent explains the operation of the coefficient of linear expansion apparatus to Gary Cooper, Bud Jones, Richard Ikenberry, and Richard Hubbard.

These biology students gain first-hand knowledge by dissecting a pig.

Because science plays such an important part in our modern life, the science department of Franklin County High School strives to teach us how to make the most of the things we have around us. Many students are not only surprised to find the many uses for science in our everyday living but also discover it to be a fascinating occupation.

After completing the science courses, we go forth with a greater knowledge of the seemingly everyday things around us.

# precept and experimentation

During a chemistry class experiment, Dickie Turner explains the process of physical distillation to Ronald Jamison, Cynthia Fralin, Johnny Helms and Jean Robertson.

Mary Belle Mitchell, Emalyn Vaughn, Brenda Wray and Rodney Hamlin patiently wait with Mr. Williams to see the outcome of the experiment.

Mr. Flora demonstrates to Grover Mullins, Georgia Anne Hunt and Bill Alexander the different ways in which energy can be changed from one form to another.

# Math prepares students for vocational work

Diane Mattox, Dickie Dickinson, Lea Townes and Brenda Bobbitt write their algebra problems on the board to give a visual analysis of them.

Mathematics has become a necessity for those students that plan to further their education. College courses have become almost entirely dependent on math in some form or other; therefore, it is of great importance for a student to get a varied program of math in high school. We are proud of our math program here at FCHS because it covers a broad field. The average student starts out in algebra and by the time of his completion he will have also had plane and solid geometry, trigonometry, and advanced algebra.

DeMoss Price demonstrates the method of determining the altitude of a right triangle.

# Social Studies re-creates the past

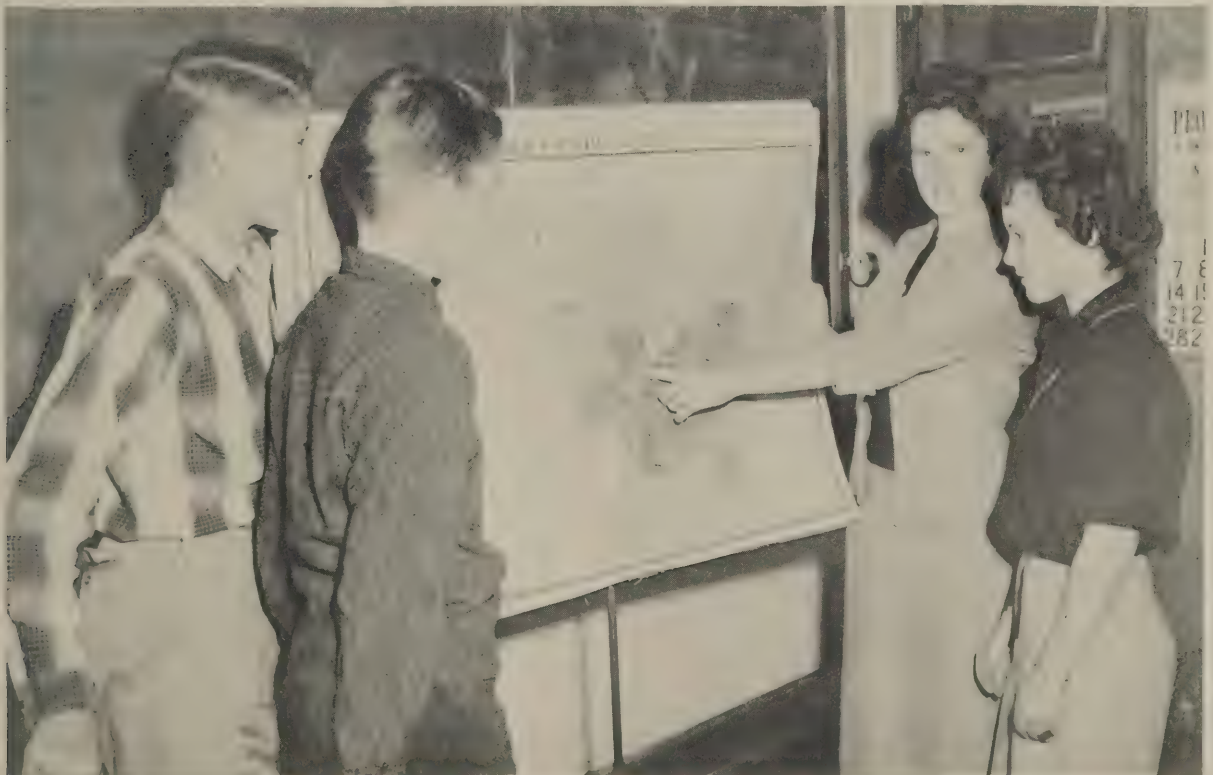

Social Studies at Franklin County High School include American history, world history, civics, government, economics, and world geography.

The purpose of these classes is to broaden the outlook of students; to give a knowledge of the past in order to give a better understanding of the present; and to help the students make intelligent decisions later when the responsibilities of citizenship rest upon them.

A birthday party was given by the government classes as a part of their class program in recognition of United Nations Day.

Carl Kirk, Mickey Babb, Geraldine Hodges and Juanita Belcher trace the westward movement of the early pioneers in their history class.

# Home Economics and Vocational Agriculture

Carolyn Doyle and Rachel Robertson learn the process of operating a sewing machine.

The Homemaking Education Program tries to help girls to understand better their personal development and their contribution toward happy, wholesome family life today as the background for well adjusted families of tomorrow.

Emphasis is placed throughout the instructional program on health, creating and appreciating beauty, democratic ways of working together, management of resources—time, energy, and money — as well as the mechanics of housekeeping.

These Home Economics girls are shown by Virginia Dare Naff how to make attractive Christmas packages by using last year's wrappings, ribbons, and cards.

# cultivate effective home living

The village blacksmith once worked "Under the Spreading Chestnut Tree," Jackie Vincent and J. B. Anderson can be seen using modern equipment.

Juniors and Seniors receive instructions for a new system of record keeping which is being used this year for the first time.

"Learning to do" is part of the F. F. A. Leland Gardner and Berlin Bowman, are constructing a farm trailer under the supervision of W. R. Jamison.

# We prepare for the business world

Typing students realize that "Practice Makes Perfect."

A course in office practice offers students the opportunity of learning to operate the many office machines with accuracy and skill.

by learning and practicing

Miss Charlotte Seegars speaks to the D.E. class on Human Relations in Business as a part of their training program. DE students spend a portion of each day practicing what they have learned.

Frances Anderson gives a sales demonstration to her class on Monarch peaches. After a demonstration has been given, students give constructive criticisms on how each one may become a better salesman.

Shirley Guthrie, Peggy Quinn, Ann Lumsdem, Faye Haskins, and Shiree Bernard try to reach 100 words per minute in shorthand class before the Christmas vacation.

# Physical Education provides recreation

Strength is tested as these girls attempt to build a human pyramid.

Development of coordination is an aim of Mr. Richard's Phsy. Ed. class.

The physical education program provides many sports for both girls and boys. Sports for the girls include volleyball, basketball, softball, soccer and tumbling. Interscholastic sports for boys consists of football, basketball, baseball, and track.

Co-recreational activities are provided each week. Folk dancing, square dancing, and class competition are a part of this program.

An appreciation of music is not limited to those students taking private piano lessons, band, and choral training. All students have many opportunities to hear these musical groups during the course of a school year—football games, assemblies, seasonal programs, recitals, graduation exercises, and concerts. These performances also give the performers an excellent chance to demonstrate their talents or abilities. This process enables students to gain a sense of stage presence which they would not otherwise obtain.

Mrs. Payne and the alto section of the mixed chorus rehearse a difficult passage.

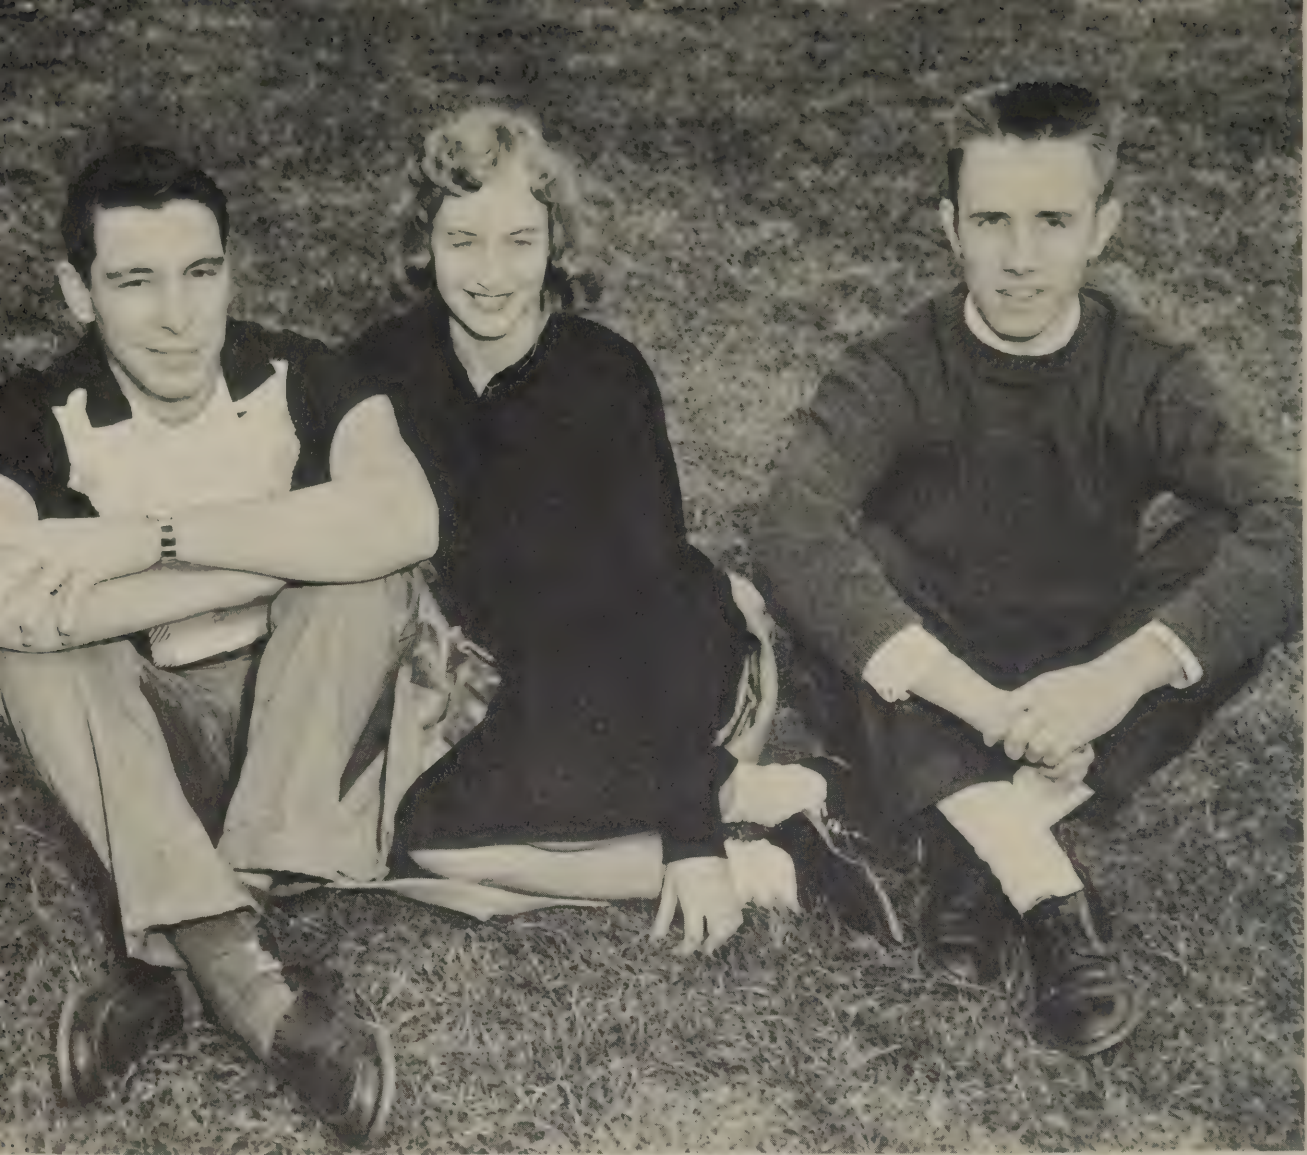

## Music interests all students

The band prepares to march downfield at game time to play "The Star Spangled Banner."

The Senior Class of 1959 bestowed the honor of being elected a class officer upon Bob Selkirk, Sharon Belcher and Cordell Bowman. Bob is president; Sharon, secretary-treasurer; and Cordell, vice-president.

## THE SENIOR CLASS

As a class of 1959, we are beginning to realize that there are many decisions ahead of us. Shall we continue school and enjoy our glorious carefree days, shall we be forced to go to work and earn our living, shall we get married, or shall we do all three? Whatever the choice, gone are the days of our "apple polish," reasons for certain kinds of excuses, hunting lost workbooks, corridor strolling, and hoping F. C. H. S. will win.

Yes, we shall long hear that second bell and even a roll call, as we look back on our lives as students. We can remember that we played an important role in making our school what it is. School has not been merely a preparation for life; rather it has been a most active and colorful part of our living.

## *In Appreciation*

The students of Franklin County High School will always feel a deep admiration and have a place in their hearts for MR. ELTON A. BONNER. We wish him every success in his new position as principal of James Madison High School in Fairfax County, Virginia

Dear Jerry,  
 You are a very  
 nice fellow. I have  
 enjoyed knowing  
 you. Did you have  
 fun at the Prom?  
 I had a wonderful  
 time. I hope I  
 have classes with  
 you next year.  
 I wish you the  
 best of everything  
 for you deserve  
 it.  
 Love,  
 Faye

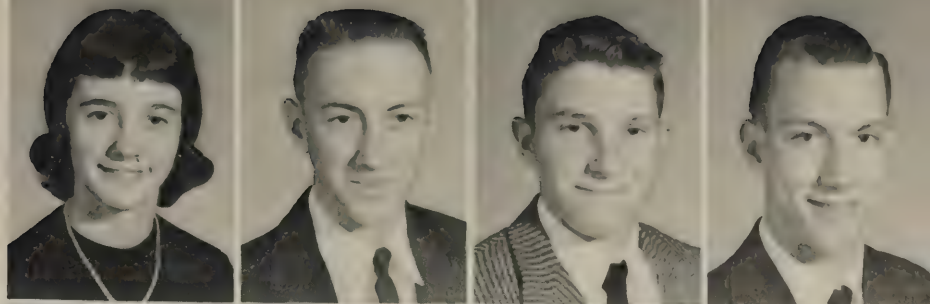

The Junior Class elected as its officers for 1958-1959—Johnny Montgomery—Vice-president, P. B. Latimer—Treasurer, Benny Flora—President, Faye France—Secretary.

## THE JUNIOR CLASS

For the juniors this has been a year of anticipation and hard work. We finally became known as upperclassmen and learned to take the responsibilities that come with this achievement. For some it meant eligibility for membership of the Hi-Y, Tri-Hi-Y, and Beta Club. Others learned the meaning of becoming officers of various clubs.

Along with the studies our year has been filled with varied activities. The big social event for every junior was the Junior-Senior Prom. Hours of work and preparation went into this dance. The reward was a wonderful evening and the thought that next year we would be the honored guests.

The Eagles go back onto the court after a time-out

Brenda Wray tries to escape from Renford France as they frolic between classes.

The first year Spanish club students dressed in their colorful Spanish costumes pose for a picture during their initiation activities.

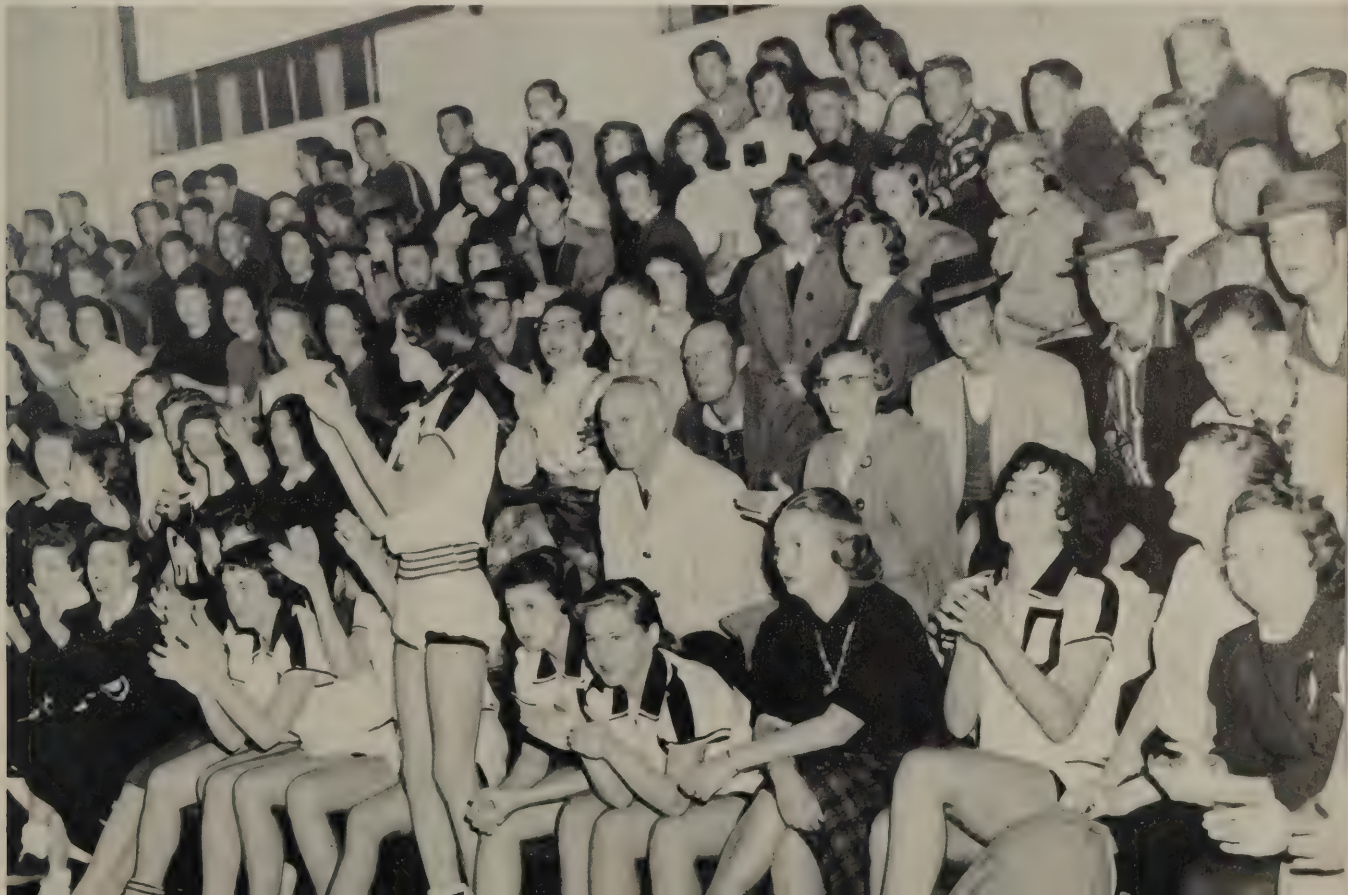

Richard Ikenberry and Donnie Hutcherson lower theatrical lights to get the desired lighting effects during the production of "The Egg and I."

The highlight of the Christmas season was the pageant given jointly by the band, mixed chorus, girls chorus, and dramatics club.

Excitement reigns on the Drewry Mason bench as the Eagles put pressure on the Spartans. This was a home game, and although the Eagles lost they played with remarkable spirit and determination.

## THE TENTH GRADE

With almost two years behind us and two ahead, we think with pleasure of the past and look to the future with expectation.

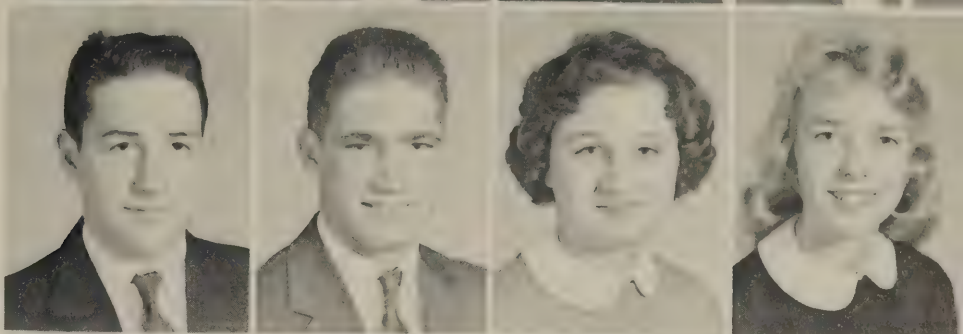

We now realize more than ever how much our school days can mean to us, and we want

to make the most of them. It is our wish that through ambition, hard work, cooperation, and school spirit we may each give our best and make these years useful and happy for our classmates, our teachers, our school, and ourselves.

## THE NINTH GRADE

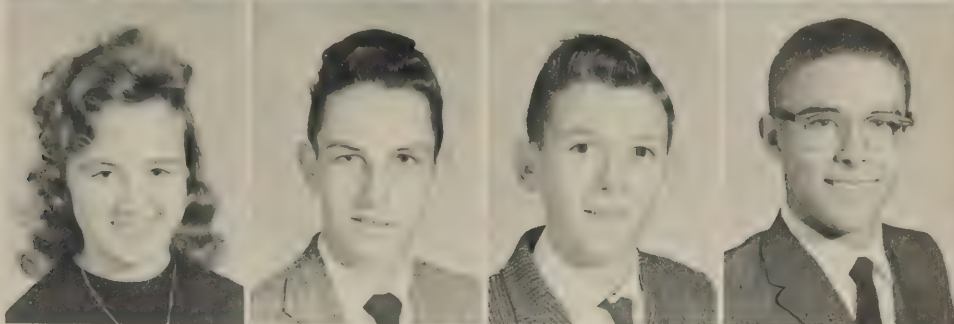

Our freshmen life at Franklin County High School will certainly not be soon forgotten. It was this year that we started making important decisions of our own. We chose the clubs and sports in which we wished to par-

ticipate, and the curriculum we wished to follow. This year was a challenge to prove ourselves and we went far in reaching this goal.

## THE EIGHTH GRADE

We, the 8th grade, know that we stand at the bottom of a long uphill climb here at F. C. H. S. We know that we have little to say in school affairs this year, but in four short years we will be our school's leaders.

We are having a new experience in student life here. It is different than anything that we have previously experienced, but we know that every student in F. C. H. S. started this high school life in the 8th grade. Didn't they, Seniors?

## co-ordinates activities

The Student Council is the representative group of the Student Cooperative Association which includes in its membership all students enrolled at FCHS. Our Student Council is a member of the National Association of Student Councils as well as of the Virginia Student Cooperative Association.

The FCHS Council has found opportunities for rendering services to the school in many and varied enterprises from promoting school spirit through furnishing buses to ball games,

to raising money through magazine sales for band instruments, uniforms, and equipping the athletic field.

FCHS has been represented by a full delegation at every district and state S. C. A. meeting that has been held since 1952. There has been a great deal of mutual benefit for us and other schools derived from the contacts and exchanges of ideas at these meetings.

Ann Anderson and Emily Sue Ayers change classes at S.I.P.A., which is held on the campus of Washington and Lee University.

Rachel has finally finished compiling senior statistics.

## student life at F.C.H.S.

The "Animo" staff is privileged to present you with an annual depicting your life as students at Franklin. Few students realize the long hours of hard work in the production of a book of this size.

You, the students, along with the teachers have been most cooperative with the staff in the preparation of this book, and for this cooperation, the staff thanks you.

## The Eagle

Published monthly by the members of the newspaper club, "The Franklin Eagle" aims to keep the students of FCHS informed on various school activities and current happenings.

The club, with a membership of approximately 50 students, was organized mainly because the school had no journalism class and thereby no school paper.

A new feature of the Eagle is the unique "Eighth Graders' Own" section published by members of the eighth grade staff.

The paper is entered in the annual Southern Interscholastic Press Association conference held in Lexington, Virginia, in April. Last year "The Franklin Eagle" was given an honor award at the conference.

discussions each member of the club is given a chance to explore the nature of teaching as a career.

This was the most recent in a series of five plays done by the Dramatics Club. Beginning with "Arsenic and Old Lace," these plays include "January Thaw," "One Foot in Heaven," "The Man Who Came to Dinner" and "The Loud Red Patrick." During this five year period the club has received over \$2700.00 in admissions and has played its shows to approximately 4,350 people. All of the proceeds earned by the Dramatics Club are used in maintaining the stage facilities and dressing rooms of the Franklin County High School auditorium. The club attempts to keep an operating fund of several hundred dollars in order to keep up production of its yearly play.

Besides their valuable services at all sports events, the cheerleaders led the pep rallies, sponsored sock hops and co-sponsored homecoming festivities.

So to Terri and her eight capable associates, we wish to express our appreciation for their excellent work.

Sports at Franklin County High School during the year 1958-59 has presented a picture of victories, defeats, and strong competition. Always, however, we have had the joy and satisfaction of knowing that we played the game in a sportsmanlike manner.

## VARSITY FOOTBALL

Quarterback Benny Flora carries ball for a short gain.

The Eagles, under the leadership of coaches Jack Henderson and Bob Fitts, had another winning campaign this year with a 7-2-1 record. Although weight and speed handicapped the players, remarkable victory was theirs much of the time.

The Eagles played a rough schedule and should be commended for their fine showing this season. They are a credit to our school and to the people of Franklin County whom they represent.

## VARSITY BASKETBALL

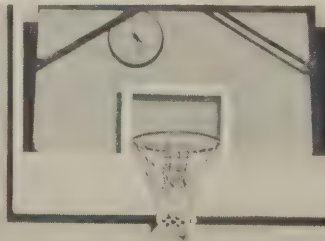

Varsity basketball, coached by Robert Fitts, a new member of the faculty, began practice on November 1. The first game of the season was played December 2, with only eleven boys having the honor of making the squad.

This year's team has proven to be one of the most successful in several years.

# J.V. football prepares for varsity squad

The Franklin baby Eagles opened their 1958 season at Danville against a tough George Washington team (Group 1). Although inexperience was a great handicap to the Eaglets they managed to score seven points against G.W. The final score was 21-7 George Washington's way.

The J.V.'s next moved on to Salem Baptist and showed their offensive skill in a 14-6 win. This brought the Baby Eagles' record to 1-1 and showed that an inexperienced team can win through good team play.

The Baby Eagles, following their victory over Baptist, played host to Cave Spring and

in a real thriller came out on top of a 14-13 score. This was their first home game and a real crowd pleaser.

The J.V.'s next game was with Drewry Mason. This was by far the Eaglets' best offensive show of the season. The final score was 27-12 Eagles.

The Baby Eagles' final game was with Bassett. This game was another crowd pleaser as the Eagles made a 14-0 sweep over the Bengals.

The future football outlook is bright here at F.C.H.S. because of the fine J.V. team unbeaten in District play.

Players watch eagerly to see which team will get the tip.

J.V. Basketball, under the coaching of Jack Henderson, had an 18 game schedule, 9 of which were at home and the remainder away.

They began their practice on November 1. Their season began with a home game against Halifax County. They continued it with a commendable season.

Girls' basketball gives the girls at FCHS their only chance of participating in inter-scholastic sports. The team played a total of eight hard fought games. In each game their clean sportsmanship, team spirit, and practice shone through as they both won and lost. These girls are to be congratulated for the time and effort they have put forth.

*Best of luck always to a fine basketball and baseball player. See you next year in basketball.*

The Eagles score again as Billy Handy, No. 4, watches.

## BASEBALL

The baseball team coached by Steve Richards had a highly successful season this year. The team had a 9-2 record and showed that it could play good ball against any team in the District 6.

With the good hitting and fielding of the Eagles, they were a highly rated team in their 1958 season, and with a number of juniors on the team they should be a big threat to all competition again next year.

The beginning of another game is near at hand.

Franklin threatens with a runner on third base.

Coach Richards and the Franklin bench during a game at Muse Field.

Sorry,  
I'm not going to school  
with my neighbors and friend.  
It's been a while since I've been  
old T.L.H.S. this year but I'll  
always remember that these have  
been wonderful years. You're one  
of the finest boys I know and  
you certainly deserve the best that  
life has to offer. Remember the  
class and M.A.'s comedy jokes  
as your next year. I know the  
school will be proud of the  
class of 1955. Have a nice summer.

As the school year comes to a close we  
look back on the major happenings of the  
year. The homecoming game and dance,  
the school play, the concerts presented by  
the band and choir and most of all, we  
remember the Junior-Senior Prom. These  
memories of student life at FCHS will  
always linger with us.

# HOMECOMING 1958

The Homecoming Weekend was the most spectacular event of the football season. The bonfire and snake parade on Thursday night started the weekend festivities. Friday brought the annual parade with gaily decorated floats, our high stepping band and the queen and her court.

The gridiron contest between the Franklin Eagles and Halifax drew an enthusiastic crowd who saw the Eagles rack up another win.

The highlight of the weekend was the dance immediately after the game.

The Homecoming officials chose the float made by the Beta Club as the prizewinner.

Both teams race for the ball after Halifax fumbled.

# JUNIOR-SENIOR PROM

Jim Poindexter, president of the Junior class, and his date, Rachel Newbill, lead the grand march to form the figure '58.

These juniors waltz to the theme song "Sweetheart, Sweetheart, Sweetheart."

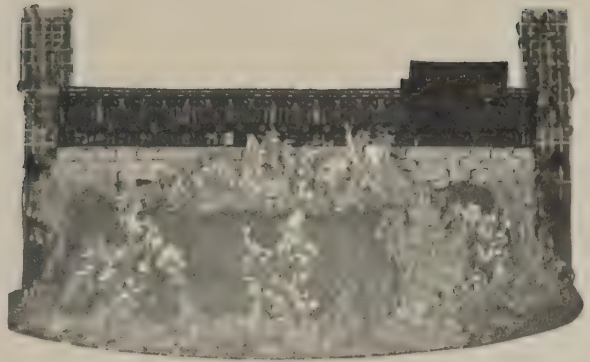

Following the dance, the couples proceeded to the cafeteria for refreshments.

# MAYTIME

Freddie Lee's Orchestra provided appropriate music to carry out the theme.

The last dance before refreshments are served is enjoyed by everyone.

for Jerry whom I love truly.

Well until we meet again, so long old Pal,  
I'll be seeing you in my dreams.  
(with Mike)

Advertisers of any publication are indispensable to its production. To the merchants and business men of Franklin County who gave us their wholehearted support, may we say, "Thank you sincerely."

—The Animo Staff

Well "Romeo" you said this page so here I go. No kidding I don't know what History or Chemistry would have been like without you. Just think - last year I didn't even know you. Boy! What I missed! Ha! you're loads of fun and all that. Some girl is going to be very lucky. Don't let all the good things say go to your head 'cause you are a - ?! ? 2. too! I hope we have some classes together next year so you can make faces at me. Maybe I'd better stop and leave some room for ——— Hope I see you some this summer. "Good luck" "Best wishes" and all that jazz because you really deserve it. We've been good for a lot of laughs but it was fun and I didn't mind. "Love ya!" "I red" or Freda

Jerry.  
I will try and write the rest of this page, but ~~but~~ don't know if I can. It sure has been fun around this school this year. I don't know what I will do this summer. Please stay as sweet and cute as you are. You are about the craziest thing I have ever seen. I sure did enjoy the ball games you played in. I thought every time I was going to die before it was over, but most of them I went to we won.  
Jerry, have a nice summer, and don't forget me.  
Love,  
Verita

Oh my, well, this year has been the greatest, -- especially during basketball season. I really don't know what I would have done with out you. And especially at the rock hops you know, you're a darn good dancer -- 'slow poke' -- I'm all mad at you for not dancing with me at the prom. I've known you for years yet it seems like I've really known you only a short time.

Just think, this time next week I'll be a graduate & you'll be the senior. Hope you have as much fun year as year as I did. "If you say so" - yes, it's a pretty good 'ole saying. I'm back a lot of memories. I forgot.

"Yes, I say so" -- for you & be a good guy, and stay as sweet as you are now & you'll have no trouble getting what you want. (Sometimes it takes time!) I know & no one who deserves anything any more than you do! Love ya loads. Rachel
